PIT CREW” Authentic Australian Oilskin Clothing

Wax Cotton / Oilskin garments have traditionally been a popular choice for the vintage & classic motorcyclists & enthusiasts over the decades, due to their durability, excellent water resistant qualities, & authentic styling. They actually date back as far as the turn of the 20th century when sailors discovered that ship sails could be waterproofed by coating them with linseed & whale oil. The “Pit Crew” range is now proudly being manufactured & produced right here in Australia and maintain their rugged and classic appeal. These include the original ‘Pit Crew jacket’, the ¾ length ‘Vintage Rally Jacket’, classic jeans, and dilly shoulder bags. These traditional Australian made quality garments are made of 100% cotton impregnated with parafine wax and using the Dri-Tec oilskin process, which was developed in Australia to withstand our harsh conditions. And of course they are dyed using the most environmentally friendly process commercially available.
